APACHE
Roadshow

Chicago, May 13-14, 2019

Part of the official ASF conference series, Apache Roadshows are smaller events with a more focused program and regional community engagement.

Join us to discuss the latest innovations in AdTech, FinTech and Insurance, Startups, Community Diversity, "Made in Chicago," Project Shark Tank (innovations from the Apache Incubator), and participate in evening events, BOF sessions, and more. We look forward to seeing you in Logan Square!

Apache Roadshow | Chicago | May 13-14, 2019

Apache Roadshows are part of the official ASF conference series: they are smaller events with a more focused program and regional community engagement. The Chicago Roadshow will be held in three venues in Logan Square, and it will feature Apache projects in AdTech, FinTech, community diversity, and more.

Established in 1999, the all-volunteer ASF oversees more than 350 leading Open Source projects, including Apache HTTP Server -- the world's most popular web server software. Through the ASF's meritocratic process known as "The Apache Way," more than 730 individual Members and 7,000 Committers across six continents successfully collaborate to develop freely available enterprise-grade software, benefiting millions of users worldwide: thousands of software solutions are distributed under the Apache License; and the community actively participates in ASF mailing lists, mentoring initiatives, and ApacheCon, the Foundation's official global conference series.
